CAREER GATEKEEPING

- Corporate Screening: Chaebols (Samsung, SK, Hyundai) prioritise these specific tiers for recruitment
- Global Portability: Recognised branding for future employment in international markets.

SOCIAL VALIDATION

- Prestige ROI: High-stakes "proof" of academic capability after years of expensive overseas education.
- Family Status: Admission functions as a certificate of success for the entire family unit.

STRATEGIC ELITISM

- Alumni Power (Hak-yeon): Inescapable professional networks that dictate promotions in law, finance, and policy.
- The Inner Circle: Access to exclusive social capital unavailable to those outside the top tier.

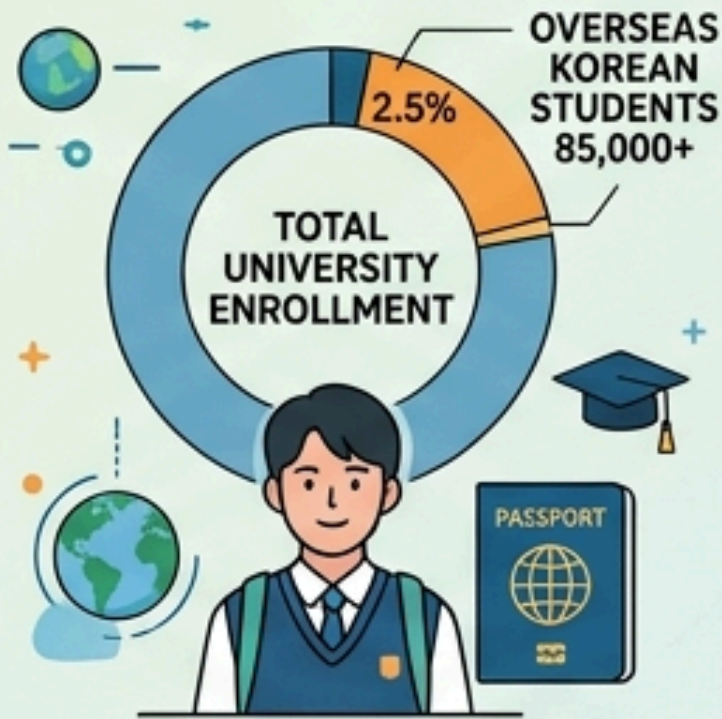

CULTURAL ANCHORING

- Identity Foundation: Replaces missing local high school ties for students who grew up abroad.
- Workplace "Entry Visa": Immediate social acceptance and "insider" status in traditional Korean corporate hierarchies.

WHAT MAKES KOREAN APPS COMPLICATED

NO GENERAL PLATFORM

- Applicants need to use two different platforms (Jinhaksa and UWAY) but many universities want students to apply at their own university portal
- Each university has slightly different way of requesting the required docs

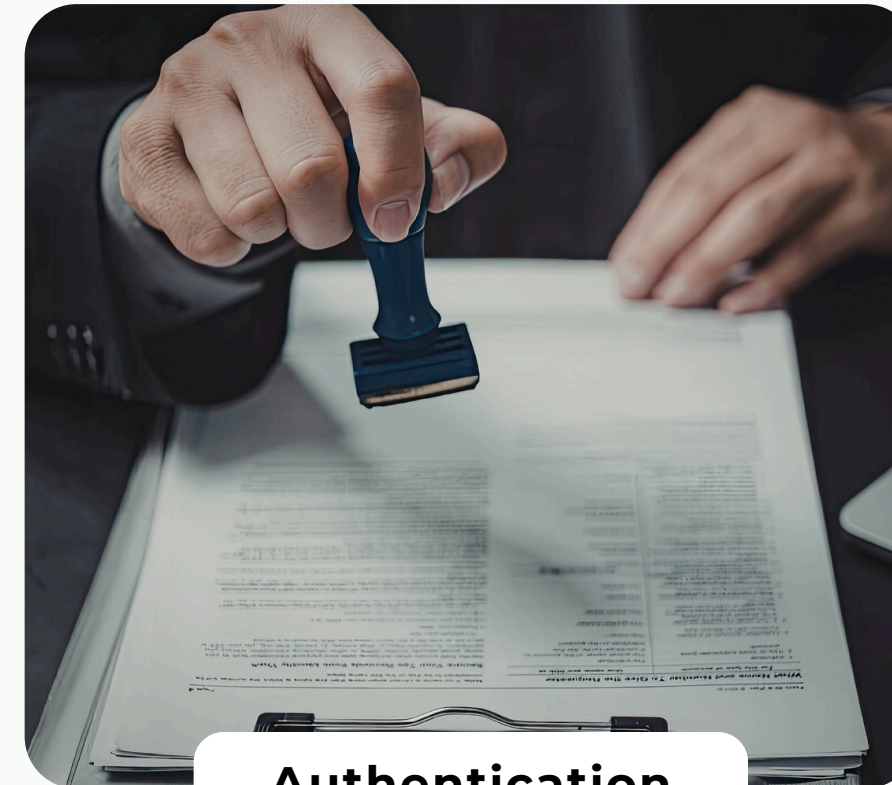

CHANGES EVERY YEAR

Korean Universities Change Admissions Requirements Slightly Every Year

Admissions Guide will be released in February (For 12 Special Window)

End of April to Early May (for 3 Year Special Window)

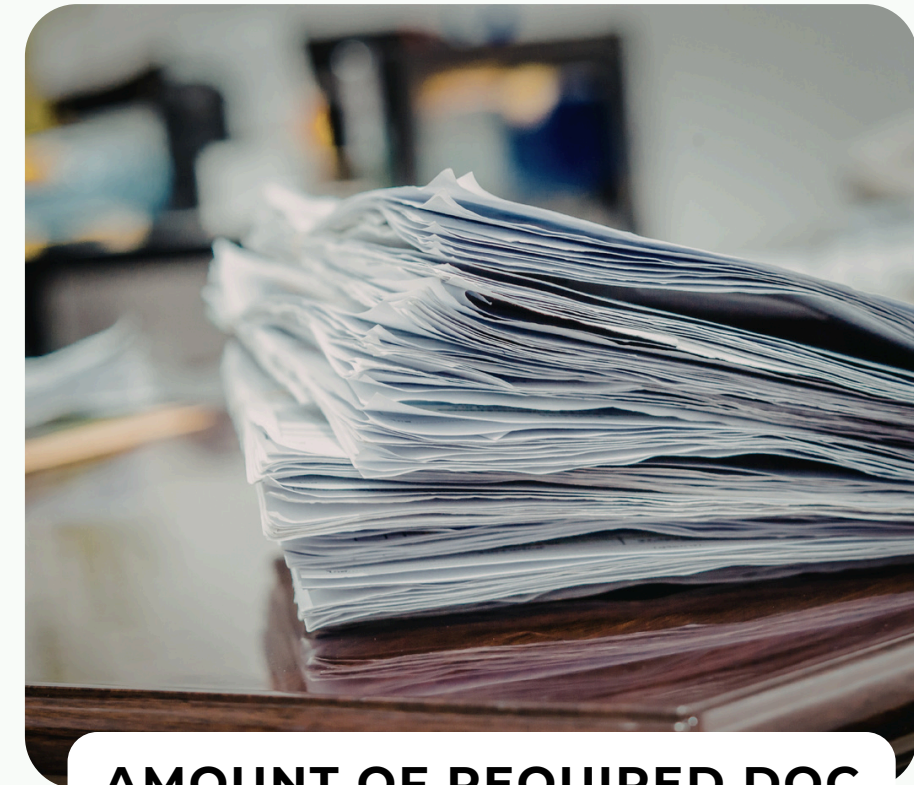

Authentication

All the academic docs must be authenticated:

- Apostille (Hague Convention)
- or Consular Legalisation

Must submit hardcopy original

AMOUNT OF REQUIRED DOC

Korean Universities require at least 6-8 required documents and it's draining to prepare for if you are not Koreans

JAPAN

WHY JAPAN & KOREA ARE DIFFERENT

What makes these systems uniquely challenging:

STRONG RELIANCE ON ORIGINAL DOCUMENTS

copies and digital submissions are often not accepted

FORMAL EXPECTATIONS WITH LITTLE FLEXIBILITY

strict adherence to formatting, seals, and authentication requirements is non-negotiable.

ORIGINAL DOCUMENTS

Physical originals required for transcripts, certificate of graduation, school reports, and letter of recommendation (case by case)

FORMAL STANDARDS

Precise formatting, individual university template, official seals, and authentication with zero tolerance for deviation.

TRACKING IS THE KEY

- Students are not organised. But I don't like to spoonfeed students
- Give them enough heads up
- keep asking them that they are the owners of the application
- Softly tell students and parents that application should be done by the student themselves
